Safeguard yourself and your car with combined motor liability and vehicle insurance

Turva's combined motor liability and vehicle insurance gives you motor liability insurance and motor vehicle insurance in one package. You can insure your car at the shop or through the Beely online service when purchasing a car with financing from LähiTapiola Finance.

Turva's combined motor liability and vehicle insurance is affordable and the insurance premiums are charged monthly. The insurance policy is offered at a fixed rate for the entire financing period. Bonuses or removals from traffic do not impact the rate. This is a bonus-free insurance policy, so you will not lose any bonus you may have in the event of an accident.

The motor liability insurance policy is valid in the EEA and Green Card countries. The motor vehicle insurance policy is valid in Europe and Green Card countries. Thefts that have occurred outside the Nordic Countries are subject to a higher deductible pursuant to the terms of insurance.

The holder of the vehicle must, without delay, notify Turva of any losses or other changes affecting the insurance contract.

The insurance policy expires when the financing granted for the purchase of the vehicle has been fully repaid and Turva has been notified of the registration of the vehicle holder as the vehicle owner.
